

August 21, 2018.

Dear Parents/Guardians,

Re: After-School Remedial Math Classes (Term 1, 2018-19)

The Remedial Math program for this term will start on Monday, August 27, 2018. It consists of 15 teaching weeks and all lessons are expected to complete by January 10, 2019. Your son/daughter has been allocated to a group based on his/her Math standard and each group will meet twice weekly after-school as scheduled below. It is advised that the grouping should not be changed, as this will be the best learning environment for him/her. Students should come to see me directly if there is any problem.

Your child's performance will be reported in the forthcoming school reports. A half credit for Remedial Math will be granted in your child's school transcript upon completion of a satisfactory term's work.

I hope this enhancement program will help your child improve his/her Math skills in the months to come.

Thank you.

Mr. T. Du

Principal.

Remedial Math Classes (Place: Science Lab.)

	Monday	Tuesday	Wednesday	Thursday
3:05-4:00p.m.	Gr. 7:	Gr. 7- 8:	Gr. 8-9:	Gr. 10:
4:05-5:00p.m.	Gr. 8-9:	Gr. 10:	Gr. 7:	Gr. 7- 8:
