

Dear Parents/Guardians,

Open House, Student Vaccination, and Other Matters

We hope this letter finds you well and safe. First of all, a big welcome to all new parents and returning parents. Thank you for your trust and continuous support, and we have planned an exciting year ahead of us.

1) Open House

In my letter on July 15, September 3rd was tentatively planned for this event so that parents can meet our teaching staff and familiarize themselves with the school curriculum, as well as to learn about other learning matters. However, due to the current development of Covid-19 and social distancing, we will have this event as scheduled below.

2) Vaccination and Full Day Face-to-Face Lessons after September

Based on the letter from EDB on August 3rd, both the staff and student population of the school must meet the 70% vaccination requirement in order to continue with full day instruction by the end of September. Currently, our school staff members have met this requirement but our student population has not. We urge any student who meets the vaccination requirement (12 years old or above) to get vaccinated; otherwise, we will have to switch to half-day lessons with all planned extracurricular activities suspended. Your cooperation on this matter is greatly appreciated.

3) ESL and Math Remedial Classes

The after school ESL and Math Remedial programs for Term 1 will start on Monday, August 30. Classes will run until January 6, 2022 with 15 weeks of lessons.

Please do not hesitate to contact Mr. Li or Ms. Wu if you have any questions.

Sincerely,

Mr. T. Du

Principal
